# Access Compliance FTP with FileZilla

Open FTP with FileZilla with credentials from Brand new World site

1. Go to File Menu and select Site Manager
2. The following information must be entered on FileZilla to connect to our Safety Documents FTP site.
   - Protocol: SFTP - SSH File Transfer Protocol
   - Host:162.219.106.163
   - Port:2222
   - Logon Type: Normal
   - User:ZPKZpGfZzM5L
   - Password: Password is updated and provided separately. Please email Jennifer Oxendine if you do not have the current Password available.

- Click Connect

3. Status window will show connection status
4. Compliance Folder will be shown in Remote Site window
   - Select the folder of the Compliance Information you are looking for
